Senior History

These past four years of high school have gone by so quickly, but every minute has been worthwhile. We have grown and united as a class since elementary school and middle school. It's difficult to believe that graduation is so close!

It seems like just yesterday we were freshman: getting lost, intimidated by the upper classmen, and complaining about all the homework and how long the classes were. We had a great start to our freshmen year by experiencing our first Booster day! The theme was "board games" and we chose Mouse Trap. We showed our class spirit by cheering behind our float and supporting our Knight Summer Forest-Bully, and Lady in Waiting, Kelli Dubay. We also started our annual fundraisers such as the mums, and the hanging baskets, which were a great success and continued to be throughout high school. We couldn't have been so successful without our advisors, Mrs. Cloutier and Mrs. Daniel-Green.

Our sophomore year was also great success. For Booster Day, the theme was "famous landmarks" and we all agreed on the Empire State Building. Although we didn't win, making the float really brought us together. We continued to be spirited as we cheered on our Duke, Christian Sawicki, and Duchess Kim Rau.

During our junior year, we accomplished even more and started to focus more on our futures. many of us started taking advanced placement classes, took the SATs for the first time, and started the college process. A few students from our class were accepted into the George F. Wrightson Chapter of the National Honor Society. Although we became more serious with our work and future, we were still able to have fun together. Student council decided on "video games" for the Booster Day theme and we voted on Frogger. We also voted on our court, Bethany Laramie was our Princess, and Brandon Lenois was our Prince. Toward the end of the year, we started to plan prom for the seniors and held it on the Odyssey cruise ship in Boston Harbor. It was a great success and everyone enjoyed it! Most of us also started planning for college and our futures knowing that next year would be our last year to enjoy high school.

Now it's our senior year and we've all come so far. We are all making plans for our life after high school and making many important decisions. We are all so excited to graduate, but we also want to enjoy our last year of high school! We finally get senior privileges, although there are only a few, like sitting outside at lunch, not having to make up snow days, Gap in the caletena, getting out of school in May, and front row parking! Our final year of high school didn't start out with Booster Day due to the Triple E virus. Instead we got right into planning our class trip to Dolly wood in Tennessee in May, and many of us have been participating in fundraising, such as Turners Tumblers, and Little Ceasers Pizza. We will be enjoying our senior year for the next few months including our senior prom, class trip, graduation, and more! Soon, we will be rehearsing for Awards Night and graduation. Before we know it, we will all be in the gym in our blue and white caps and gowns, walking across the stage receiving our diplomas!

I can't believe we're already seniors in high school! These past few years will be known as the best years of our lives, and we will look back and remember the good times we've had! Let's enjoy these last few months of our senior year! We've all come so far and accomplished so much, but our lives have just only begun!

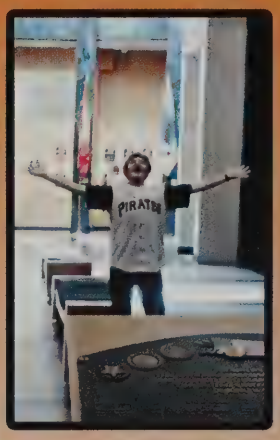
Well, this is it!!! The moment you've been waiting for, and bittersweet for us, your graduation! We've watched you grow from that shy little guy to the amazing man you are today.

We are sooooo proud of you, not because of your accomplishments, but because of who you are. You always do the right thing, you have your Dad's brains and my sense of humor, my zest for life. With all of this, you will go far. Remember always laugh, enjoy yourself, never compromise yourself or your values, that money means nothing, and family and friends mean everything. Follow your dreams!!!

Congratulations & Love,
Mom and Dad



Class Of 2013

Class of 2013

We want to thank you for letting us be a part of your lives. We have enjoyed every minute of watching you grow, you have no idea how much fun we've had going on Gill Elementary field trips, to baseball games and tournaments. Instead of having an only child, we always considered ourselves as having "20" kids, surprisingly even girls!

Never forget your roots, where you are from, in your travels. We hope you all keep in touch, we want to follow your successes. Please remember, our door is always open.

Congratulations to you all,
Laurie and Tim Meyer

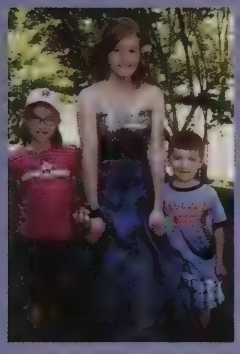
Emilee Felton

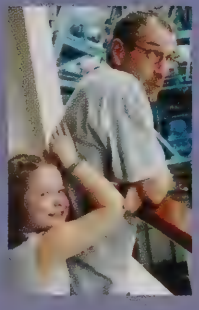
Well Em,
Looking back on these years I can confidently say you have accomplished so much and I am so proud of you! No matter what happens in the future I will always be there for you and I want you to always believe in yourself. You are a strong person and know we all love you.

Julianna

Congratulations Emilee!
We are so proud of your strength over the past 4 years. We know that your determination will bring you far!
We love you!

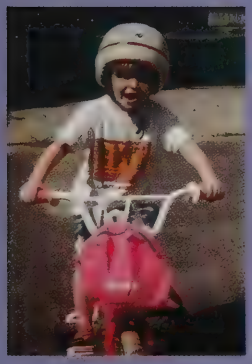
Lee, Sarah, Hannah, and Camden

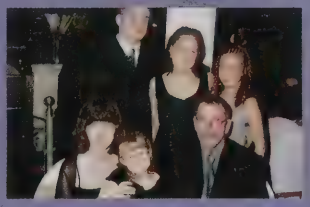




"Emilee is a sweet, kind hearted girl... with attitude." That's how people describe you to me. It's nothing I didn't already know. I like the attitude because it showed in everything you did. A confident attitude wanting to wear high heels instead of being satisfied walking at an early age. An independent attitude wanting to be either a wedding dress designer or a truck driver when you grew up. A friendly attitude knowing more people on our vacation cruises than your parents did. A loving and silly attitude bringing fun and laughter to those around you. A stoic attitude which helped you deal with unbearable tragedy. A determined attitude wanting to break the school javelin record and doing it 3 times... so far. Your attitude has gotten you to where you are today, let it take you far. Keep compassion and tolerance dealing with others. Have persistance making your dreams come true. Dad would be proud of you as I am proud of our wonderful daughter... with attitude. Think smart and stay true to yourself, Emilee.
You've done a great job.

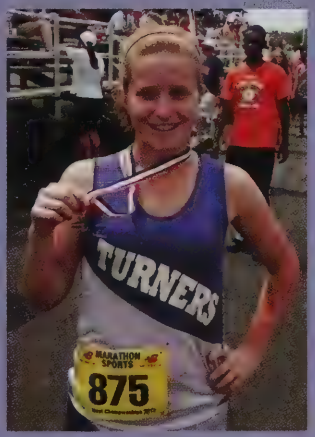
Love, Mom





Papa and I wish you great happiness and success in all you do. We love you very much and take joy and pride in all you have accomplished.

Jeannette



Dear Emilee,
We have watched you grow through the years. The many memories we have of you going to the races in Bristol, Tennesee, your many sporting events at TFHS and so much more. We are so lucky to be your grandparents. We wish you the best in the future.

Love, Grammy and Grampa Klepadlo

John Timothy Ollari III

John,

Hooray you made it! We cannot believe our youngest child is now a senior. We have enjoyed watching you grow and mature into the person you are today! You have accomplished so much in your 18 years: Honor Roll, All Western Mass Honors, and All Scholastic for baseball and football. Anthony "Cannon" Novak Football Award in junior and senior year, John F. Harrington VFW Post 417 Thanksgiving Day MVP, First Place in your first Demolition Car Derby, we could list so much more. Just remember you have a bigger life outside of your high school doors waiting for you still. To say, "We are proud is an understatement!" You have become a great athlete in our eyes. We ride by the sports fields in Franklin County and remember when we used to sit and watch you play: Fire Cracker Soccer YMCA and Basketball, MIB baseball travel team, Newt Guiltbault Baseball and Cal Ripken tournament teams, Babe Ruth and tournament teams, Connie Mack Baseball, Mickey Mantle Baseball, Post Legion 81 Baseball, Pop Warner Football, Suburban Basketball. You've participated in so many sports which has built you up to be a fine athlete in our community. You have inspired so many young and old to come watch your sporting events because you play with great pride and you have that competitive edge, which we are all going to miss. We wish you nothing but the best in your future.

Love Mom & Dad

John,

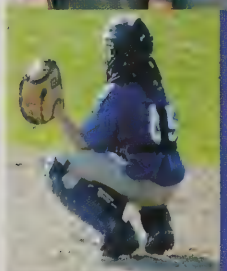
I could not be more proud of everything you have accomplished in your years of high school. You are and amazing athlete and I hope you go far, reaching your goals. Although you can be a pain, I will always love my baby brother and I hope you find true happiness, not just playing call of duty. Dream big and don't let anyone stop you from doing what you love!

The best sister ever,

Elysia

John,

I've been dreading this year for a long time, simply because I never wanted you to grow up. As a little boy, I've always lived for watching you succeed in everything you did. Loved being on every side line cheering you on and watching you make the best memories of your life happen. Even though you were a pain for the most part, you truly are a genuine person inside and out. I cannot explain to you in words how proud I am of you. Congratulations on your high school journey, and I know you'll be ready to face all the others to come. Love you so much Johnny Boy, you did it! XOXO, Stephanie



KATE

CONGRATULATIONS!

We are so very proud of your accomplishments. We wish you happiness and success always.

With all our love!

Mom, Toby, Kenna, and Derek

Riley,

Congratulations! It's been such a busy year and time flew by so quickly! We are very proud of you! You used to be the quiet one. . . well, not anymore! You've grown into a confident young lady with a voice. We know that you will overcome any obstacles that come your way. You've always done your own thing and we admire that. Enjoy college, stay true to yourself, believe, listen to your heart, and chase your dreams, don't let anyone tell you differently. We're always here for you through anything! The stars are always watching you! Keep smiling!

Love, Mom & Dad

RILEY HOWE

Riley Smiley,

I can't believe you're graduating and going off to college! It seems like just yesterday we were playing dress-up, making up games in the front yard, and coming up with dances in the kitchen. I've always loved being your older sister, whether that meant giving you advice on how to survive the school years, helping you pick out your clothes, driving you everywhere, or embarrassing you every chance I got! Soon, you won't need my advice and you'll have the real world all figured out on your own! You're my best friend and have been by my side whenever I needed you and I know that's never going to change. No matter how old we get, you will always be my little sister. Love ya, sis! Now go out there and show the real world how it's done!

Love, your favorite big sister, Taylor

Ryan,
You have left me speechless but with so much to say. To sum it up: Congratulations Kiddo! I am so proud of you and very honored to have a son as smart, talented, and respectful as you (I think you got it all from me). You have made the last 18 yrs a lot of fun and full of great memories that I will hold so close to me as you make this next big step into college life. As you have always done, I know you will continue to succeed and achieve all your goals and dreams. I love you Ry-Ry. Always stay strong and positive. I LOVE YOU.
Love Always,
Mom

Ryan,
Watching you grow into the person that
you are has truly been one of the most
inspiring experiences I've been a witness to.
You should be proud of the man you have become.
There is no need to wish you good luck
as you clearly are in full command of your bright
future. So, as this chapter of your life
comes to a close and the next,
very exciting chapter begins,
Congratulations on a very successful
high school career.
Love,
Uncle Joe

Ryan,
Congratulations; you did it.
Now go kick some butt in college.
I've truly enjoyed being a
RYAN WILDER fan. Life won't be the
same on the farm once you fly the coup,
but every rooster has to run.
Be sure to come back to throw them hay bales.
Love,
John

Ryan,
I am happy for you.
Good luck.
